💡 Profile

From selling sheet metal machines to installing advanced industrial robots, my career is a journey of **evolution and innovation — embracing change, mastering technology, and now merging engineering expertise** with data science to create smarter, more efficient solutions.

Deputy Manager – Paintshop at Honda Cars India Ltd., leading plant maintenance for the Pretreatment & Electrodeposition (PT & ED) facility and overseeing new-model robot teaching and programming for painting and UBC sealer applications as well raw material consumption control and cost optimization. With over 15 years of experience in **Production, Maintenance, Sales, Cost, Robotics Programming, Production Optimization, and Industrial Automation** with a strong track record of **improving reliability, efficiency, and technology adoption**. Currently advancing strategic capabilities through a **B.S. in Data Science & Applications** at IIT Madras to integrate engineering operations with data-driven insights and drive intelligent manufacturing transformation aligned with Industry 4.0.

⚙️ Core Skills - Industrial & Technical Expertise

Robotics: ABB, Kawasaki, Toshiba, Fanuc - **ABB Painting & Fanuc UBC Sealer Robots** (Robots installation, teaching, programming, path optimization, maintenance troubleshooting)

Paintshop Systems: Pretreatment & Electrodeposition (PT & ED), ED circulation systems, painting atomizers, bell applicators, dosing systems, booth & oven equipment

Maintenance Engineering:

- Preventive & predictive maintenance strategy deployment (PM, CBM, TBM)
- Breakdown analysis, MTTR/MTBF improvement, FMEA, RCFA
- Equipment reliability enhancement, spare-parts planning, lubrication management
- PLC troubleshooting (Siemens/Mitsubishi basics), robot safety systems, interlocks & logic verification
- Utility management (compressed air, chilled water, HVAC, DI/RO systems)

Manufacturing Processes: Vehicle Assembly, Bumper Sub-Assembly, Spot Welding, Sealer Application, Production Planning(Bumper & child parts),Conveyor Systems, Jig & Fixture Operations

Continuous Improvement: Lean Manufacturing, TPM, Kaizen, Poka-Yoke, Standard Work Development, Cycle-Time Reduction

• **Leadership & Strategy**

- Production & Maintenance Management, Cross-Functional Leadership
- Team Leadership (20+ direct reports), Skill Development & Training
- Project Execution (new-model launches, robot installation, process optimization)
- Cost Optimization, Raw Material Consumption Control, Vendor & Contractor Management

• **Programming & Data Science**

- **Languages:** Python, Java, C, Assembly, SQL
- Data Structures, Algorithms, OOP
- Web Development (Flask, Vue, Django)

• **Analytics, AI & Operational Insights**

- Machine Learning (SVM, Random Forest, Boosting)
- EDA, KPI Analysis (OEE, Utilization, Consumption Metrics)
- Predictive Analytics for maintenance & reliability
- Visualization Tools: Matplotlib, Seaborn, Plotly

• **Tools & Software**

- CATIA, SAP-MRP
- Pandas, NumPy, Jupyter Notebook
- GitHub, Version Control
- PLC Software (Siemens, Mitsubishi basics), Robot Studio, Fanuc Programming Tools

Professional Experience

Honda Cars India Ltd. (HCIL) – Tapukara, Rajasthan

Deputy Manager – Paintshop (Bumper & Body) | Aug 2016 – Present

- Responsible for plant maintenance for the Pretreatment & Electrodeposition (PT & ED) facility.
- Responsible for Robot Programming ABB painting robots and Fanuc UBC robots for new models.
- Programmed and commissioned ABB painting robots for new model launches.
- Led 20+ technicians in paintshop production operations (body & bumper).
- Drove painting cost optimization projects, achieving measurable savings.
- Awarded Best Quality Award in Performance for meeting quality and production targets.

Krishna Ishizaki Auto Ltd. – Binola, Haryana

Senior Engineer – Paintshop | Dec 2015 – Jul 2016

Motherson Automotive Technologies & Engineering (MATE) – Tapukara, Rajasthan

Engineer – Paintshop | **Apr 2014 – Nov 2015**

Ashok Manufacturing Co. Pvt. Ltd./Kawasaki Robotics – New Delhi

Assistant Engineer – Sales/Service/Project | **Jun 2011 – Apr 2014**

Education & Certifications

- Indian Institute of Technology, Madras – Diploma in Data Science (2023 – 2024)
- Indian Institute of Technology, Madras – Diploma in Programming (2023 – 2024)
- Indian Institute of Technology, Madras – Foundation in Data Science & Applications (2022)
- Govt. Polytechnic Jhansi, U.P. – Diploma in Mechanical Production Engineering (2011) – 77.5%
- Kaushambi Inter College – Senior Secondary (2006) – 66% | Secondary (2004) – 62%

Awards & Achievements

- Best Shop Award – Honda Cars Global (Quality & Target Achievement)
- 1st & 3rd Place – HCIL Safety Quiz Competition
- Distinction in MOST Study Internal Exam and Implementation
- Presented and awarded at NHC & BQ-Best Quality theme at **President Level**
- Multiple athletic awards (State & Zonal Javelin, 400m/100m races)
- NCC B-Certificate Holder

DECLARATION

I hereby declare the details furnished in the resume are true and correct to the best of my knowledge.
